Release and  
Information

In consideration for the opportunity for my “Likeness” to appear in Promotional Content created for or on behalf of Intel both presently and in the future, I hereby agree to the following:

“Likeness” means my name, voice, appearance, signature, biographical information, image, likeness, or any portion thereof.

“Ancillary Materials” means photographs, portraits, pictures, videos, biographical materials, quotations, and any tangible materials provided by me to Intel (directly or indirectly (e.g. by way of a third party)).

I hereby irrevocably and perpetually authorize Intel to photograph, film, videotape, record, reproduce, and otherwise portray my Likeness and to use and disclose the results and proceeds thereof (“Recordings”), in and in connection with Promotional Content. I hereby grant Intel without limitation or additional remuneration, a worldwide, nonexclusive, royalty-free, fully paid up, irrevocable, perpetual, transferable license, with the right to sublicense, to use, prepare derivative works of, modify, perform, reproduce, distribute, display, and otherwise exploit the Ancillary Materials in and in connection with the Recordings and Promotional Content.

I agree and acknowledge that Intel is the owner of the Recordings and the Promotional Content and that Intel will have the right to copyright the Recordings and Promotional Content in Intel’s own name or in any other name. If for any reason I am deemed to own any rights in the Recordings or the Promotional Content, I hereby assign all of my rights, title, and interest in and to the Recordings and Promotional Content and any portion thereof to Intel, without reservation. I acknowledge and agree that Intel may use, prepare derivative works of, modify, perform, reproduce, distribute, display, and otherwise exploit the Recordings and the Promotional Content in any and all manner and media now known or later created, in perpetuity, throughout the world, including but not limited to, in print, photograph, film, video, television, software, documentation, CD-ROM, DVD, and on-line computer media, such as the Internet and social media.

I represent and warrant that: (1) any statements or quotations made or provided by me to Intel under this Release are true and portray my honest belief and understanding; (2) my contributions to the Recordings and the Promotional Content, and the rights granted by me to Intel under this Release will not violate the rights of any third party; and (3) no authorization or payment to any third party is required in connection with the rights granted under this Release. I recognize that Intel’s use of my Likeness and Ancillary Materials may reflect on Intel’s reputation, and I am not aware of any facts that would cause any negative association. I understand that Intel is not obligated to use nor provide compensation for any use of my Likeness or Ancillary Materials. I also agree that Intel, in using my Likeness, Ancillary Materials, or any part thereof, shall have no obligation to identify me by name or otherwise, and that I have no right to review or approve the Recordings or the Promotional Content before they are used by Intel. I further understand that Intel does not acquire an ownership interest in my Likeness or personal information as a result of this Release.

To the fullest extent permitted by applicable law, I hereby release Intel from, and covenant not to sue Intel for, any and all liabilities, claims, demands, actions, suits (whether legal or equitable), damages, and expenses in connection with this Release or Intel’s use or disclosure of my Likeness or exploitation of the Ancillary Materials in the Recordings and Promotional Content, including but not limited to claims known or unknown relating to publicity rights, privacy rights, rights regarding defamation of character, any moral rights or “droits moral”, and all rights with respect to my approval of the Recordings or Promotional Content which may be created by Intel containing my Likeness or Ancillary Materials, regardless of whether my Likeness or the Ancillary Materials are blurred, distorted, modified or altered, whether intentionally or otherwise.

In giving this release, which includes claims which may be unknown at present, I acknowledge that I have read and understand Section 1542 of the California Civil Code, which reads as follows: “A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.” I hereby expressly waive and relinquish all rights and benefits under that section and any law of any jurisdiction of similar effect with respect to the release of any unknown or unsuspected claims I may have against Intel. I agree to indemnify and hold Intel harmless from and against any liabilities, losses, claims, demands, costs (including without limitation attorneys’ fees), damages, and expenses arising in connection with any breach or alleged breach by me of any of my representations, warranties, obligations, or agreements hereunder.

This Release constitutes the sole and entire agreement of the parties with respect to this subject matter and supersedes all prior and contemporaneous understandings with respect to this subject matter, and it cannot be amended except by a written instrument signed by both parties. If any term or provision of this Release is found to be invalid, illegal, or unenforceable, this will not affect any other term or provision of this Release. Intel may freely assign its rights and obligations hereunder as it deems appropriate. This Release will inure to the benefit of and will be binding upon each party’s respective affiliates, successors, licensees, assigns, heirs, and representatives. All matters arising out of or relating to this Release will be governed by and construed in accordance with the laws of the State of New York without giving effect to any choice or conflict of law provision or rule.
